State University of New York Polytechnic Institute

Guide to Transcript Evaluation

The State University of New York Polytechnic Institute was established in 1966 as a college for transfer and graduate students. Beginning in 2003, the Institute admitted its first freshman class, awarding full four-year programs. In 2014, SUNY Poly merged with the Colleges of Nanoscale Science and Engineering in Albany, New York, and became eligible to award Doctoral (PhD) degrees.

ACCREDITATION

SUNY Polytechnic Institute is accredited by the Board of Regents of the State of New York and the Middle States Association of Colleges and Schools. Its academic programs are registered by the State Education Department. The nursing and medical records administration programs are accredited by the Commission of Collegiate Nursing Education (CCNE), and Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM), respectively. The School of Business is accredited by The Association to Advance Collegiate Schools of Business (AACSB). The health services management program is also accredited by the Association of University Programs in Health Administration. (AUPHA)

The following programs are accredited by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology (TAC/ABET): civil engineering technology, electrical engineering technology, mechanical engineering technology, computer engineering technology, civil engineering, electrical & computer engineering, mechanical engineering, and nanoscale engineering.

RELEASE OF INFORMATION

In accordance with USC 438 (66) (4) (8) (The Family Educational Rights and Privacy Act of 1974), you are hereby notified that this information is provided upon the condition that you, and/or your agents, and/or your employees will not permit any other party access to this record without written consent of the student. Alteration of this transcript may be a criminal offense.

ACADEMIC CALENDAR

15-week fall and spring semesters with the exception of summer terms that vary in length but are reported in semester hours.

TRANSFER CREDIT

Transfer credit is noted at the beginning of the transcript with total credit reported from each individual institution. Total transfer credit is also noted at the end of each transcript under total credit hours earned and applied toward degree requirements. Grades are not transferred, therefore the GPA reflects only institutional courses.

REPEATED COURSES

An "E" to the right of a grade indicates that the course has been excluded from all GPA and credit calculations. An "I" to the right of a grade indicates that the grade is included in all GPA and credit calculations. Only the highest grade is counted toward GPA and credit requirements; all other attempts are excluded. While the student may receive credit for only one course attempt toward completion of the degree or program, both grades remain on the academic record; only the higher grade is used in computing the student's cumulative GPA. Topics courses may be repeated for credit as long as the topic differs. Students re-matriculating after a seven-year absence may petition to have up to twelve (12) failing credits excluded from calculations. Full course repeat policy is explained in the Catalog.
